**In the Claims:**

Please cancel claims 16-26.

Please add the following claims:

--27. A computer jukebox for playing songs transferred to and stored in the computer jukebox, the computer jukebox comprising:

at least one communication interface for receiving digitized song data and for receiving an associated song record, the song record including song identity data comprising at least one of a song title, a song category, song address, song size, graphics address, graphics size, and play count;

✓ a memory storing the digitized song data and the song identity data;

✓ a display presenting song selections based on the song identity data;
